ATENÇÃO:
1. Ler e observar atentamente toda a instrução antes de iniciar a montagem.
2. A montagem do produto deverá ser feita em uma superfície limpa e plana. Aconselhamos utilizar a embalagem para forrar o chão, a fim de não danificar o produto.

ATENCIÓN:
1. Leer y observar con mucha atención toda la instrucción antes de empezar el montaje.
2. El montaje del producto deberá ser hecho en una superficie limpia y plana. Aconsejamos poner el embalaje del producto en el suelo de manera a no dañar el producto.

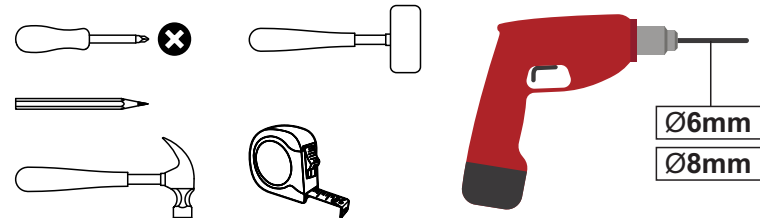

ATTENTION:
1. Please, read and check carefully the whole instruction before assembling.
2. The assembly should be carried out on a clean and flat surface. We suggest you use the packaging to cover the floor in order to do not damage it and the product.

LIMPEZA:
1. Utilize pano levemente umedecido com água, seguido de pano seco.
2. Não utilizar produtos químicos.

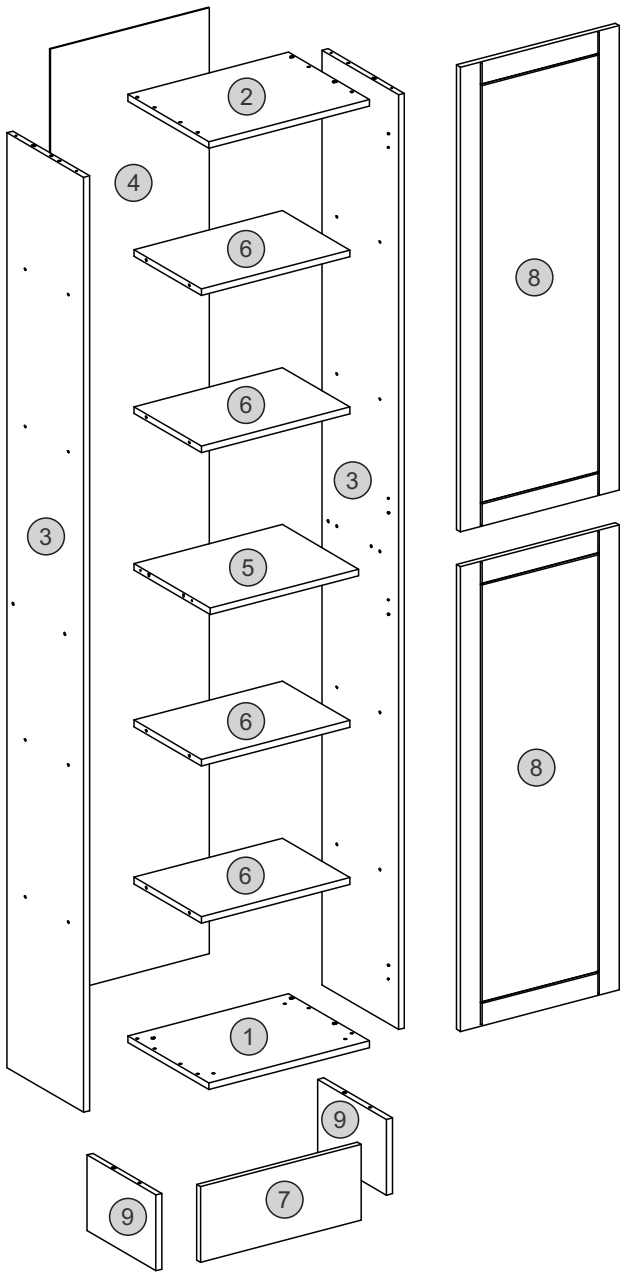

LIMPIEZA:
1. Utilizar un paño húmedo con agua y después pasar un paño seco.
2. No utilizar productos químicos o abrasivos.

CLEANING:
1. Use a slightly wet coth followed by a dry onde.
2. Do not use chemical or abrasive products.

4

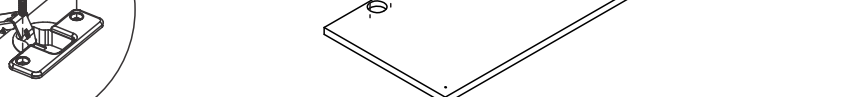

Diagram 4 illustrates the final step of assembly: mounting the microscope onto the base plate. A circular inset shows a close-up of the microscope being lowered into the base plate, with a curved arrow indicating the direction of movement. The base plate is labeled with 'T' for the telescope and 'A' for the arm. The base plate itself is labeled with '8' and '2X'.

5

Diagram 5 illustrates the fifth step of the assembly process. It shows a circular inset on the left with a close-up of a screwdriver being used to tighten a screw labeled 'G' into a pre-drilled hole in a side panel, which is marked '(37X)'. On the right, a larger diagram shows the side panel being attached to the main cabinet frame. The panel is aligned with the frame, and a circular callout with the number '10' indicates the position of the attachment point. Dashed lines show the alignment of the panel with the frame's internal structure.
